

PROTECH ARE

FIRST CHOICE

FOR QUALITY PEOPLE

With a proven, Quality-first methodology, innovative safety processes and a large national footprint of 28 branches, Trust Protech to supply you with **Quality People, Every Time.**

FIRST CHOICE **>** FOR QUALITY

Protech Certified means Quality People. Every Time.

Years of experience has allowed us to develop a streamlined process for attracting, recruiting, and managing quality people. This helps us ensure that you are provided the highest quality people, every time.

FIRST CHOICE **>** FOR SAFETY

Leading Safety processes backed by Neuroscience.

Our robust safety management strategy is structured around proactive, ongoing, and management-driven processes. We conduct rigorous safety training and physical assessments, including using Cernova Neuroscience to create one of the safest workforces in Australia.

FIRST CHOICE **>** FOR VALUE

Co-Creation: A united approach to workforce solutions.

Protech combine both the quality of traditional recruitment with the flexibility and responsiveness of labour hire to provide clients with added value. By understanding your needs, objectives and challenges, we're able to apply our expertise to your specific situation, leading to a more effective outcome.

FIRST CHOICE **>** FOR INCLUSIVE PROGRAMS

Pathways for Women in industry, First Nations and Apprentices & Trainees.

Protech fosters workforce diversity through partnerships like Dreampath for Indigenous employment and programs empowering women in male-dominated industries. As a registered Group Training Organisation, we also provide skilled apprentices and trainees.

**WHEN QUALITY MATTERS, MAKE
PROTECH YOUR FIRST CHOICE.**

TRUST PROTECH FOR QUALITY PEOPLE IN SOUTH AUSTRALIA.

Through our deep industry knowledge, solid client relationships, and our broad range of industry memberships, we keep up to date with key industry issues, market pressures, and workforce development trends effecting the SA market. This insight allows us to ensure the solutions we develop accurately reflect current and future workforce requirements.

No matter where your project is based trust our SA team to deliver **Quality People, Every Time.**

"Protech are long standing reliable suppliers of quality staff for the flexible pavement industry. Jayne, Lauren and the team are always available and listen to their client needs, making sure that there is no time wasted finding the perfect candidate for the job."

Melissa Ekberg, Executive Director WA/SA, Australian Flexible Pavement Association (AFPA)

"I've engaged with Protech for over 10 years now both in my current role and in a previous role with another company, but the high level of care and service hasn't changed throughout this time. My needs are often very short notice and quite specific, so I sometimes feel like I'm searching for a unicorn, but Protech have always put every effort into working with me to achieve successful outcomes.

Ben Barnett, Project Delivery Manager, Downer
